

Copilot Envision Workshop.

Would you like to find out how you can effectively integrate Microsoft Copilot into your business processes? Then our Envision Workshop is just right for you! In this free one-hour Workshop, you will receive a clear vision of how you can use Microsoft Copilot profitably in your company.

What is the content of the Workshop?

Our Envision Workshop offers you the opportunity to gain an in-depth insight into the Microsoft Copilot universe. Learn how Microsoft Copilot works and how it can be integrated into your existing business processes. You will gain an insight into how the software works and, thanks to concrete application scenarios, understand how you can exploit the full potential of Microsoft Copilot to optimise your processes and increase productivity.

We make sure that after our one-hour Workshop you have a clear vision of how Microsoft Copilot can be used successfully in your company to achieve your goals and recognise competitive advantages.

What value do we provide?

- Free Workshop to get a first impression of Microsoft Copilot and its potential
- Direct connection with our licence and software specialists to support the seamless integration into your company's further processes
- Certified Microsoft Cloud Solution Managers who conduct the Workshop

What is the benefit?

- Get to know the vision of Microsoft Copilot
- Recognising added value for your company
- Creating a basis for decision-making for the use of Microsoft Copilot
