## LENOVO THINKSMART VIEW

### The first ever Microsoft Teams display

ThinkSmart View is smarter technology that will completely change how employees work from the moment they start using it. As the first ever Microsoft Teams display, ThinkSmart View acts as an administrative companion to the PC so that users can be fully productive and collaborative at the same time.

Featuring an ambient touchscreen and the familiar Cortana\* voice-activated smart assistant, ThinkSmart View enables users to continue working on their PCs while this all-in-one dedicated Teams device handles chats, calls, voicemail, and video conferencing. It also provides hands-free access to calendars, files, and more. From executive suites to remote offices to common areas, ThinkSmart View will transform how employees work by providing a smarter device that works better together with their PCs.

#### Fully dedicated

Easily chat, access your calendar and files, join video meetings and calls, and initiate other activities using this all-in-one Microsoft Teams display.

#### Intelligent collaboration

Rely on the ambient display to provide important alerts and notifications while Cortana's hands-free voice assistance\* maximises multitasking.

#### Enterprise security

Secure sign-in, enterprise-grade call security, plus a mute button and camera shutter for privacy ensure that users can work with confidence.

\*Not available in all markets.

### SMART STARTS HERE

ThinkSmart View helps modernise the way people work by bringing smart assistant technology into the office. With Cortana\* voice assistant and an ambient display, ThinkSmart View gives users activity updates at-a-glance plus quick, voice-activated access to calendar, chats and teams, meetings, files, and more.

### SUPER PRODUCTIVITY

With features like the time-saving one-touch Microsoft Teams meeting start and hands-free Cortana\* voice assistant, ThinkSmart View helps users get more out of the work day. When paired with a PC, this smart device can be used for voice and video calls, content viewing and file sharing, replying to chats and teams, and so much more, freeing up the PC for other work.

### GO TEAM

As a fully dedicated Microsoft Teams device that's voice-ready out of the box, ThinkSmart View offers a friendly, familiar interface for richer, content-centric meetings and seamless collaboration between team members.

### ALWAYS SECURE

With a built-in camera shutter, microphone mute button, and secure sign-in, ThinkSmart View offers security and privacy whether in use or at rest. Cortana\* enterprise-grade software meets Microsoft 365 privacy, security, and compliance commitments for added assurance.
