

MEET EASY

A complete solution for your digital workplace

SAMSUNG | logitech®

Create an interactive and inclusive workplace for all with Samsung and Logitech.

Design your modern workplace with a setup consisting of screens, conference cameras, desktop and software solutions that simply work. Logitech and Samsung are collaborating to develop complete solutions that promote inclusive working environments, encourage collaboration and drive a new way of working – from think tanks to meeting rooms of various sizes to flexible workplaces and individual offices.

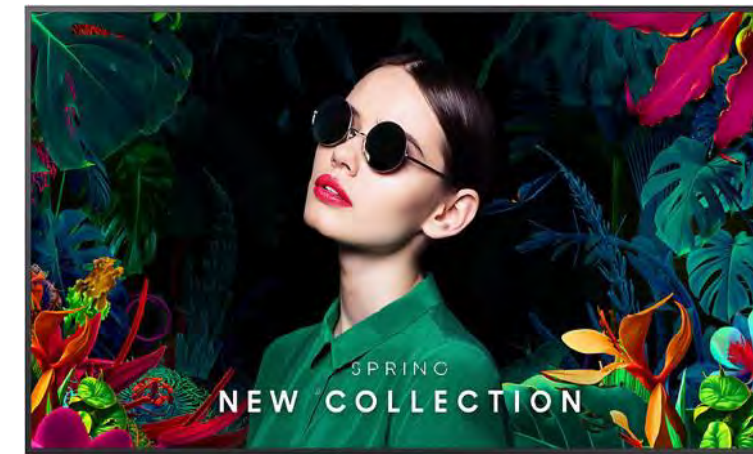

If you are interested, please contact your Logitech and Samsung representatives. They will be happy to answer your questions or provide you with additional information.

Huddle Room

Perfect for spontaneous meetings and collaborative work: the Huddle Room creates a modern, inviting environment for up to six people. The 55-inch display, combined with the Logitech Rally Bar Huddle, transforms small meeting rooms into powerful video conferencing zones.

Thanks to flexible mounting options—whether space-saving on the wall or directly on the table—the Rally Bar Huddle adapts to any room concept.

Samsung Smart Signage QM55C

Special Properties

- 138.68 cm (54.6 inch)
- 55-inch UHD Signage Display
- 24/7 Operation
- Shallow Depth and Uniform Bezel Width
- Built-in Speakers (Enhanced Sound Quality)
- IP5x Dust Protection
- Brightness Sensor, Wi-Fi & Bluetooth
- SmartView+ (PC) can display up to six content options
- New Home UI and Integrated MagicINFO Player
- Powerful Web Engine
- Samsung VXT CMS & Tizen Business Manager Compatible

Logitech Rally Bar Huddle / Logitech Tap or Tap IP

Logitech Rally Bar Huddle

- All-in-one video bar for huddles and small rooms
- AI video intelligence, advanced sound pickup, noise suppression, and ongoing software improvements
- Deploy it as a meeting room appliance in USB mode, and connect it to a meeting room PC or connect it via laptop

Logitech Tap and Tap IP

- Touch controllers available as USB direct connection (Tap) or PoE connection (Tap IP)
- One-touch join, calendar integration and easy content-sharing

Think Tank

Innovation needs space – and that's exactly what the Think Tank is designed for. This creative meeting room can promote the exchange and joint development of new ideas.

A large interactive display forms the heart of the room and brings teams together – intuitively, collaboratively, and effectively. With the Logitech Rally Bar Mini, ideas can be shared in real time, even with remote participants.

With screen sizes of up to 86 inches, it creates an impressive space for up to 14 people – ideal for workshops, brainstorming sessions, and strategic meetings.

Samsung Smart Signage WA86F

Special Properties

- 217.42 cm (86 inch)
- 86-inch UHD display with touch function – ideal for use as an interactive whiteboard in the classroom or meeting room
- Powered by Android™: Android 14 operating system with easy handling and uncomplicated connectivity
- Various input options with a passive pen
- Natural writing feel thanks to a responsive touchscreen
- EDLA certification for support of many Google services from the Google Play Store, e.g., for established learning apps
- Central device management for managing whiteboard and app settings

Logitech Rally Bar Mini / Logitech TAP oder TAP IP

Logitech Rally Bar Mini

- All-in-one video bar for small to medium rooms
- AI video intelligence, advanced sound pickup, noise suppression and continuous software improvements
- Plug and play with any PC or laptop, or leverage its built-in computer and use it in appliance mode

Logitech Tap and Tap IP

- Touch controllers available as USB direct connection (Tap) or PoE connection (Tap IP)
- One-touch join, calendar integration, and easy content-sharing

Boardroom

Turn meetings into an experience: With large-format Samsung displays in ultra-high definition and the Logitech Rally Bar, every voice is clearly audible and every face clearly visible – even with up to 20 participants.

Expand the setup with Logitech Sight, Scribe, and Rally Mic Pods for an immersive meeting experience that fully integrates remote participants. The QPDX-5K display supports particularly flexible collaboration by allowing content to be shared wirelessly and displayed on up to 10 screens simultaneously.

Samsung 5K UHD Signage QP105DX-5K

Special Properties

- 265.63 cm (104.6 inch)
- 104.6-inch signage display with 21:9 format and 5K resolution
- Attractive design thanks to low depth (48.1 mm) & narrow frame
- Powerful 40W speaker system (10W x4)
- IP5x dust protection and EPEAT Bronze
- Temperature & Brightness sensor
- WLAN, Bluetooth & Workspace (Microsoft365/RDP)
- Its wide format allows seamless multitasking, displaying content, video feeds, and chat side by side
- SmartView+ for wireless screen sharing for seamless collaboration. Start sharing right from the beginning of a meeting and switch between screens with a single click. The QP105D-X supports up to 10 screens at once

Logitech Rally Bar / Logitech TAP or TAP IP

Logitech Rally Bar

- All-in-one video bar for medium and large rooms
- Simple to deploy, use, and manage remotely
- Plug and play Rally Bar with any PC or laptop, or leverage its built-in computer and use it in appliance mode

Logitech Tap and Tap IP

- Touch controllers available as USB direct connection (Tap) or PoE connection (Tap IP)
- One-touch join, calendar integration, and easy content-sharing

Flexible Space

Create a relaxed environment for your employees with flexible, open workplace solutions that allow them to bring their own devices and make it easier to get started quickly.

A large monitor puts your content front and center, while the docking station makes it easy to connect multiple devices at the same time. Combined with a webcam, this setup provides the ideal conditions for a productive workday.

Samsung High Resolution Monitor S27D600UAU

Special Properties

- 68 cm (27 inch)
- 27-inch monitor with QHD resolution for smooth graphics in 16:9 format
- Energy efficiency class: E
- USB-C port (90 W) for charging and transferring data
- Response time 5 ms (G/G)
