

Zebra OneCare™ Maintenance Plans

Keeping Your Technology Running While You Run Your Business

Technology Is Complex

Maintenance Doesn't Have to Be

You count on devices and software applications to run your business and meet your customers' expectations — so unexpected surprises that halt your workflows or your operational outcomes are out of the question. You need a plan in place to safeguard against failures. One that maintains your hardware and software to extend the life of your devices, and keeps your operations running smoothly.

But how? Maximizing technology uptime is complicated with today's sophisticated devices—but it doesn't have to be with **Zebra OneCare** maintenance plans.

Go beyond the warranty with top-to-bottom, inside-out preventative care for your devices and the workflows they empower. Choose a "right-for-you" maintenance plan that's tailored to your business and its exact needs.

Peace of Mind, Your Way Maintenance Minus the Frustration

Accountability

From expert device repairs, software and security support, to top-notch technical support, we're committed to the long-term performance of all of our solutions. Trust that your hardware repairs and software support needs are handled by trained experts with qualified parts that you can only get from the manufacturer of your technology: Zebra.

Predictability

Bring operational certainty within reach when you move from reactive to proactive maintenance and ongoing support with defined service levels. With a plan in place, you'll streamline repair and support processes, access firmware and security software updates and mitigate unexpected costs.

Peace of Mind

Get the benefits of maintenance without the burden. Turn to the experts who built your technology for reliable and predictable repairs, accessible troubleshooting, defined escalation paths and uncomplicated processes to maximize your device uptime.

Flexibility

Pick the maintenance and support plan that's right for you, right for your device, your budget, and right for your business. We understand one size doesn't always fit all. A simple subscription model makes it pain-free to engage with Zebra experts for your ongoing support needs.

Everyday Outcome Protection

Compare Comprehensive Plans

Much more than backup warranty and repair, our comprehensive Zebra OneCare plans add years of ongoing enhancements to protect your technology from the inside-out.

Repairs from the source

Accidents happen in tough business environments—and even the most rugged devices need a plan. Maximize your coverage and get trusted repairs and authorized parts from the experts who know them best, because they built them.

Software preservation

Access device firmware updates and stay ahead of security threats with exclusive security software upgrades and LifeGuard™ for Android™ security patches. Keep your data protected and your business running smoothly—only available from Zebra.

Support your way

Access the support you need, how you need it, and when you need it. Take advantage of self-service diagnostic tools, easily submit requests online or tap into Zebra's digital support community for common questions, or give us a call to connect with a live agent over the phone.

Never One-Size-Fits-All

Targeted Protection for Special Device Fleets

Compare Specialized Plans

If the Zebra OneCare Essential or Select plans are more than you need, pick from these additional specialized coverage plans to meet your distinct business operational support needs.

Zebra OneCare Special Value (SV)

This specialized plan for value-tier printers and mobile devices protects your devices with technical and software support, five-day repair turnarounds and optional accidental damage coverage. Plus, mobile computer users will get access to the cloud-based VisibilityIQ OneCare™ tool.

Zebra OneCare Technical and Software Support (TSS)

Available if a repair support plan is not purchased, you can still make sure your data is protected and you have support when needed. Access expert technical support and Zebra-exclusive security patches and software updates, including LifeGuard. This plan also provides support for software applications, both OEM and third-party.

Zebra OneCare On-Site Support

If your devices are too vital to your business to send out for repair, or if your devices are too large or cumbersome to send in, one call can bring a Zebra-trained and certified technician to your door for one-on-one, personalized attention.*
