

Adobe Sign for schools and school associations.

Save time with a completely digital document solution that perfectly suits the way schools and districts work. From creation, sending and checking to signing, tracking, and archiving, document management is a complex and time-consuming process.

Demand for paperless processes is increasing and to meet the expectations of teaching staff, employees, parents and guardians while saving time and money, schools are turning in greater numbers to reliable digital technologies. To protect the budget and keeps the costs of training low, solutions that can be used with existing programs like Microsoft 365 and Google G Suite are preferred.

4 BENEFITS OF ADOBE SIGN.

1. Make life easier with digital forms.

Give teaching staff, employees, parents and guardians self-service access to digital forms that can be signed and sent using any device and automatically forwarded to the correct people.

2. Boost collaboration and transparency.

Work with your trusted Adobe and Microsoft apps to simplify processes through easy document sharing and automatic tracking at every review and signature step.

3. Save both time and resources.

Reduce expenses for resources that support time-intensive and costly paper-based processes.

4. Maintain security and ensure compliance.

Meet all data protection requirements and ensure signatures are compliant with strict statutory regulations.
