Encumbering framework conditions –
A multitude of challenges feed uncertainties.

- Unknown implications of the war against Ukraine.
- Continued shortage of supply from manufacturers.
- More restrictive monetary policies of central banks (USA vs. EU).

... diminished expectations of overall economic growth.
Outlook – Optimistic forecast for 2022.

Assumptions.
- Supply bottlenecks hampering our manufacturing partners will relax over the year.
- Our record business backlog will gradually translate to revenue.
- Customers persistently keen to invest in IT, producing new business leads.

Realistic objectives.
- Bechtle is optimistic for the current fiscal year.
- Significant growth in terms of revenue/business volume and earnings (5% – 10%)
- EBT margin on par with previous year
